This file contains the list of the South Carolina Court Administration's Disposition Codes. The main codes 1-9 cannot be edited or deleted.

New Disposition Codes can be added as long as you can tie them back to one of the original codes so that the Caseload/Disposition Report associated with the Judicial Survey can be run at the end of the fiscal year.

The screenshot shows a portion of the "SC Disposition Setup" form. It has a yellow background. The first row shows "Local Court Disposition:" followed by a dropdown menu with "PG" selected and a text box containing "PLED GUILTY". The new dispositions can have a code of 1 or 2 numbers/letters, and the description for the code can

be whatever you wish. Tie the code back to one of the original state codes and press Save. You can make up as many disposition codes as you want.
